6	My neighbor is very dedicated to the Eagles and he thought I would be able to help. I am a total caregiver of a disabled and blind husband so I also needed to help with something outside the home. I am currently working to find someone who likes movie night on Wednesday to stay with him while I am away at a meeting. All will come together soon and this journey with all of you will be good for me and I hope to be if help to you. I have been a Community Developer and Small Business Consultant for over 40 years. I hope to use that knowledge about what I have learned from my clients from the federal government to cities large and small, higher education, and just folks wanting to survive and thrive doing what they love and who have such courage and drive that makes hearts smile.	3/24/2024 2:26 PM

I am currently involved in several new ventures, and therefore do not want to overpromise my ability to serve in a more formal position within this organization at this time, however I would most certainly consider it as I learn more about how the organization functions. I care deeply about supporting our communities and welcome the opportunity to leverage my knowledge, experience and passion to support the FOE.	3/8/2024 8:20 PM

138	I'm a stickler on punctuality. Do what you say you will do when you say you will do it. I can't think of a thing more disrespectful and disheartening. It makes the other person feel less than important. That's all I have to say about that (please say that in a Forrest Gump voice). I look forward to a long and productive journey with the Eagles.
